

INSPECTIONS AND APPEALS DEPARTMENT[481]

Adopted and Filed

Pursuant to the authority of Iowa Code sections 10A.104 and 137F.2, the Department of Inspections and Appeals hereby amends Chapter 31, “Food Establishment and Food Processing Plant Inspections,” Iowa Administrative Code.

These amendments adopt the 2013 Food Code with Supplement of the Food and Drug Administration as the state’s food code. The 2013 Food Code with Supplement reflects changes through 2015. These amendments include a change recommended for inclusion in 2017 by the federal Food and Drug Administration (FDA) related to unattended food establishments; the change will streamline the process for industry and eliminate the need to obtain a waiver from the Department for this activity. The intended effective date for the 2013 Food Code with Supplement is January 1, 2018. Finally, these amendments reflect updates to the Code of Federal Regulations (CFR) for 2017. The updates include the adoption of 21 CFR Part 117, which contains the modernized good manufacturing practices and the preventive control rules, both required by the FDA Food Safety Modernization Act.

Notice of Intended Action was published in the Iowa Administrative Bulletin on May 10, 2017, as **ARC 3053C**. Prior to publication of the Notice of Intended Action, the Department distributed a draft of these amendments for comment to industry associations, local contracting health departments and food safety educators. No comments were received, nor were comments received by the Department during the public comment period. These amendments are identical to those published under Notice of Intended Action.

The Department does not believe that the amendments impose any financial hardship on any regulated entity, body, or individual.

After analysis and review of this rule making, no impact on jobs has been found. These amendments are intended to implement Iowa Code sections 10A.104 and 137F.2.

These amendments shall become effective August 9, 2017, with the exception of the amendments in Items 1 and 5. The amendments in Item 1 will become effective January 1, 2018. The effective dates in Item 5 are specified in paragraph 31.2(9)“v.”

The following amendments are adopted.

d. Food service equipment limitations.

(1) Beverages are dispensed by individual serving only. Beverage dispensers connected to the building water supply must be properly equipped with backflow prevention pursuant to section 5-203.14 of the Food Code.
